Marking Scheme (Part A)

File Format is not correct: -5%

0 – 3	Summary is limited or superficial. Writing is not clear and arguments are not well justified.
4-8	Writing is fluent, but mostly, description and or assertion are used rather than argument or logical reasoning. A critical appreciation is demonstrated but not well argued. Writing is clear but little uneven.
9-10	Exceptional scholarship is demonstrated with clear writing.

Marking Scheme (Part B; At least 2 software's need to be evaluated with 2 datasets used in Lab 2 and Lab 3. No extra marks for extra open)

0-10	Two open source software's are evaluated. But benefits of using these software's over Python or disadvantages of using these software's over Python are not highlighted. Given data sets are not evaluated.
11-15	Above but with very clear description. Both data sets are evaluated but advantages / disadvantages over python are not clearly highlighted.
16-20	Exceptional well demonstrated.
